Goals

Code	Goal
C1	The course offers an introduction into the public law system and covers general law institutions of constitutional and administrative law. The course content is based on German and Polish public law and considers, where indicated, some comparison to EU law.
C2	General introduction into law: idea of law, philosophy of law, functions of law, distinction between main fields of law.
C3	Overview over main principles of fundamental constitutional principles as well as their interaction as a basis for the functioning of organizations.
C4	Explanation and practical meaning of selected constitutional principles, such as the rule of law, democracy, the welfare state, environmental protection, etc.
C5	Introduction in and meaning of chosen basic rights for organizations and other areas of law.
C6	Overview of chosen basic and human rights and their meaning for organizations, such as: freedom of organization, freedom of profession, freedom of property, general freedom of action, freedom of the media, etc.
C7	Protection of fundamental rights by the state and other organizations; current challenges and risks for basic rights and constitutional principles in the era of digitalization and populism.
