## Goals

Code	Goal
C1	The learning objectives of the course is to make the student acquire in depth knowledge of the selected aspect of the integration in the European Union. Course participants will be introduced to current issues of European Union and problems of legal integration. Furthermore, students will be acquainted with the provisions of primary and secondary law, relevant from the perspective of current economical, social and political problems. By the end of this course, students should be able to comprehend some of the major issues of the European integration process and to distinguish the specific features of the European legal system in an international and comparative law perspective.
